SALE BY AUCTION OF MANUFACTURE OF SALT IN PLOT 2 OF 3 ACRES OF THE THILLAI SARAHAD OF THE OLD PULDIWAK FACTORY, ENNORE CIRCLE.

The public are hereby informed that the right of manufacture of salt under the monopoly system in plot 2 of 3 acres of the Chilai Sarahad of the old Puldiwak Factory will be sold by auction by the Inspector, Salt, Abkari and Customs Department, Ennore Circle, at Vayalur, on Friday the 31st August 1917 at 12 noon subject to the following conditions.

2 A deposit of Rs. 5 must be made by every intending bidder previous to bidding.

3. No person will be allowed to bid for another unless he holds a power-of-attorney from him authorising him to do so

4 The selling officer may for valid reasons refuse to accept any bid and, in cases of dispute, his decision shall be final If, for any reason, the highest bid is rejected, the selling officer may at his discretion either accept the next highest bid or commence the auction again.

5 The sale will be subject to formal confirmation by the Board which may either accept or reject the final bid at its discretion. Such formal confirmation will be tantamount to an acceptance of the bid.

6. As soon as possible after the auction is completed, the deposits made by unsuccessful bidders will be returned to them.

7. As the auction proceeds, each successful bidder shall at once, if so required by the selling officer or otherwise at the close of the day's sale, make a further deposit equal to one-fourth of the purchase money Should he fail to do so, the deposit made by him under condition 2 *supra* will be forfeited and the plot will be put up to auction again on the above conditions or otherwise disposed of as the Board may determine and the defaulter may be debarred from bidding again at any subsequent sales of salt pans by the Deputy Commissioner.

8. On receipt of intimation of the final acceptance of the bid, the successful bidder shall at once pay the whole amount of his bid after deducting from it the amount of deposits already paid by him. Should he fail to do so, the deposits made by him under conditions 2 and 7 *supra* will be forfeited and the plot will be sold or otherwise disposed of, as the Board may determine.

9. Resales effected under conditions will be at the risk of the defaulting bidder, who will forfeit all gain, and, in the event of a loss, will be required to make good the deficiency between the amount payable under the terms of the original sale and that payable by the successful bidder at the resale. In the latter case the forfeited deposits will be deducted from the loss arising from the resale and the remainder, if any, will be recoverable from the defaulter in the manner laid down in section 64 of the Madras Salt Act IV of 1889. Should, however, the forfeited deposits be greater than the loss by resale, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the plot is disposed of otherwise than by resale and such disposal results in loss to Government as compared with the original sale.

10. The purchaser will be required to sign and deliver to the Commissioner a muchilika or engagement to observe all the conditions of the licence to be granted to him. The prescribed form of muchilika and licence can be seen at the office of the Inspector, Ennore Circle, at Vayalur

11. Licence to manufacture salt under the monopoly system will be granted to the successful bidder subject to the following special conditions :—

(a) The pans should be aligned as directed by Government and should be worked on the Vayalur or other approved system at the rate of kudivaram common to the factories of the Ennore Circle, viz., Rs. 13-2-0 a garce.

(b) Manufacture should be carried on as directed by Government and the licencee should undertake to comply with all orders of the Inspector in respect of the various process of manufacture and to shew due diligence in manufacture.

(c) The successful bidder should accept a lease (the form of which may be seen at the circle office, Vayalur). The term of such lease will ordinarily be for five years and the licence granted in such case will be in force only during the continuance of such lease

(d) The licencee should surrender the pans to Government if required to do so on six months' notice before the commencement of the manufacturing season.

(e) No compensation will be paid to the licencee when the pans are surrendered under condition (d) or when the pans are resumed or the factory is converted into one for manufacture of salt for general sale in the event of the lease referred to in condition (c) being determined before the expiry of the period fixed.

12. Full particulars can be had at the Ennore circle office at Vayalur.

These rules will be taken into consideration on or after the 1st November next.

Draft rules.

14. (*a*) Every domestic building which is to be constructed or reconstructed subsequent to the commencement of this Act shall be so constructed that every room therein shall have at least one side abutting for the whole of its length (which shall in no case be less than 8 feet) on an open space, either external or internal. The internal open space shall in no case be less than 8 feet across in any direction. The external open space shall in no case be less than 8 feet across in any direction, except when such open space abuts for the whole of its length on a street or other public space, not less than 15 feet across in any direction.

A building shall not be held to contravene this rule if one side of a room abuts on an internal or external verandah provided that the verandah in its turn abuts for the whole of its length on an open space and the width of such open space (not being less than 8 feet) is double the width of the verandah.

Every open space, external or internal required by this rule, shall be, and be kept, free from any erection thereon and open to the sky.

(*b*) The side of every such room abutting on an external or internal open space or on an external or internal verandah shall have at least one-fifth of its area occupied by doors, windows or ventilators, but in no case shall the area so occupied be less than 24 square feet. Where, in the opinion of the President, it shall be considered necessary, additional ventilators of a type approved by the President shall be provided in the remaining sides of each room. Such ventilators shall communicate directly with the open air.

15. In the case of a domestic building which has been constructed before the commencement of this Act and for which application is made for alteration or addition thereto, rule 14 (*a*) may be relaxed at the discretion of the President provided he is of the opinion that the means of ventilation are sufficient. This rule does not apply to a case where the proposed alterations or additions come under the provisions of reconstruction as herein defined, in which case rule 14 (*a*) shall apply.

Definitions.

"Domestic building" means a dwelling house or an office building or other out-building appurtenant to a dwelling house whether attached thereto or not, or shop or any building not being a public building, or a building of the warehouse class.

"Dwelling-house" means a building used or constructed or adapted to be used wholly or principally for human habitation.

The expression "reconstruction", when used with reference to a building, includes—

(*a*) the reconstruction of a building after more than one-half its cubical extent has been taken down, or burnt down, or has fallen down;

(*b*) the addition to a building of more than one-half its cubical extent;

(*c*) the conversion of one or more huts or temporary structures into a permanent building, and

(*d*) the conversion into a place for human habitation of any building not originally constructed for human habitation.

Key Numbers—Clauses (a) and (b) apply whether the reconstruction takes place (after the commencement of this Act) entirely at the same time or by instalments at different times, and whether more than half the cubical extent has (after the commencement of this Act) been taken down, or burnt down, or has fallen down, at the same time or at different times, and whether additions to the building have been made aggregating to more than half the cubical extent (after the commencement of this Act) at the same time or at different times.

* Candidates bringing up Music should state in their applications the particular branch they bring up for the practical test—whether "Pianoforte," "Violin," "Singing," "Harmonium," etc.

† Candidates for the Advanced examination in Design should state in their applications whether they select to be examined in "Wall and window decoration," or "Wood-carving and furniture," or in "Pattern designing for textile fabrics", or in "Gold and Silversmith's work."

‡ Candidates bringing up Painting should state in their applications, if for the *Intermediate* grade, whether they desire to be examined in water colour (sepia), or oils, or tempera in the *First test*, and if for the *Advanced* grade, whether they desire to be examined in oils or water colours in the *First and Third tests*.

§ Candidates bringing up "Joiner's work" or "Wood-carving."

‖ Candidates bringing up Metal work should state in their applications whether they take *Engineering* work as their principal trade and *sitting* work as a subsidiary or *vice versa*, and whether they wish to work in brass, copper and bell metal or in aluminium.

¶ Candidates bringing up Cotton-weaving (Elementary grade) should state in their applications whether they desire to be examined on the Loom or on the European hand-loom.

** The examinations in Tailoring (Elementary and Intermediate Grades) will be conducted according to the syllabus revised up to the 14th February 1916.

2. The following are ordinarily the centres at which the *Written* examination will be held. The examination, however, for all grades in (1) Modelling, (2) Wood engraving, and (3) Copper-plate Engraving, and for the *Advanced grade only* in (1) Free-hand Outline Drawing, (2) Design, and (3) Painting will be held *only at Madras*:—

Anakapalle (for Drawing).	Guntur.	Nazareth.
Bangalore.	Karur.	Palghat.
Bapatla.	Katpadi.	Parvatipur.
Bellary.	Kumbakonam.	Rajahmundry.

Calicut.	Mangalore.	Tinnevelly.
Chicacole.	Masulipatam.	Trichinopoly.
Chingleput.	Mercara for Free-hand Outline (Drawing—Elementary grade only).	Trichur (for Drawing).
Cocanada.	Mysore.	Trivandrum.
Coimbatore.	Nagercoil (for Weaving only).	Vizagapatam.
Cuddapah.	Narsapur.	Vizianagram.
Ernakulam (for Drawing).		

N.B.—Should the number of candidates who have applied to be examined at any one of the above centres fall short of *thirty*, the candidates that selected that centre must be prepared to proceed, at their own expense, to the nearest centre where the examination may be held. Timely notice will be given to the candidates concerned.

3. No notice will be taken of the application of any candidate who selects a centre which is not in the above list, and no candidate will be allowed to come more than one centre. No candidate will on any account be allowed to change the place of examination entered in his application, *which must invariably be the place where he is employed or ordinarily resides, or should it not be a centre, the place nearest to it where the examination is held.* A candidate appearing for examination at a centre other than the one mentioned by him in his application must be prepared to have his examination cancelled.

4. In addition to the above centres, the Commissioner will be prepared to arrange for the holding of the *Written* examination in any of the subjects mentioned, at any other place, if he is satisfied that not fewer than *thirty* candidates are likely to offer themselves for examination, and it is advisable to make such place a centre. Applications for the inclusion of such place or places in the list of centres should be made to the Commissioner through the local educational or other authorities concerned before the 17th August. Ordinarily, however, only one place will be constituted a centre for each district.

5. The oral and practical examinations in such subjects as require them will be held at those places only where satisfactory arrangements can be made for the conduct of such examinations.

N.B.—*To guard against disappointment in the case of such of the Oral and Practical examinations as may be held before the written examination, candidates are recommended to refer to Part I-B of the* Fort St. George Gazette *from time to time.*

6. Candidates whose examinations, either written or oral and practical, cannot be arranged for at any place must, *at their own expense*, proceed to Madras or to the nearest centre where they are held in the subjects in which they appear.

7. Heads of institutions are requested to see, before the certificate at the foot of the application is signed by them, that their institution has been recognised by competent authority as fitted to impart instruction in the *Technical* subjects and for the grades in them brought up by their *pupils*.

N.B.—Heads of institutions recognised for *General Education only* should not sign the certificate at the foot of the application form filled in by any of their pupils coming up for any of the Technical examinations.

8. All pupils coming up from the same institution must select the same centre, and the applications of all of them should be forwarded together (along with a covering letter stating the number of applications) by the head of that institution, no applications of any *private* candidates being enclosed with these applications.

9. Each candidate must, wherever the syllabus requires it, submit, before the 31st August, the necessary drawings, plans, surveys, field books, estimates, or other "certified works." Each of the drawings, etc., submitted must have entered on it the name of the candidate, the subject and grade of examination for which he appears and the centre at which he appears, and must be certified to be his own unaided work by the head of the institution or office to which he belongs, by an officer of the Public Works Department not below the rank of Supervisor, by a District Board Engineer, by the Engineer of the Corporation of Madras, or by an Engineer of any Railway Company.

Candidates are specially warned that no certified works will be valued by examiners unless the certificate of authorship is quite satisfactory and specifies clearly the period of time occupied in the execution of each work and unless the examiners are satisfied as to the identity and qualifications of the persons granting the certificates. Further, if any suspicion attaches to any certified works submitted by pupils from Technical schools the Commissioner will be compelled to recommend to the authority concerned the withdrawal of the departmental privileges enjoyed by the schools. Private candidates, whose certified works are in any way suspected by the examiners, will be liable to have their examination invalidated and also to be debarred from appearing for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit.

It must be particularly noted that the drawings, etc., of each candidate should be submitted in a separate roll for each subject and for each grade (i.e., the drawings, etc., for a number of subjects should not be rolled up together), and that the drawings, etc., of a number of candidates should not be sent in one and the same roll. Also, on the outside of each roll for each subject, each candidate should enter the following particulars in ink.

(1) Name of candidate,
(2) Place of examination,
(3) Subject,
(4) Grade, and
(5) Total number of drawings in each roll.

As the application has to be kept in the office and as the drawings, etc., have to be forwarded to the examiners, the application itself should be sent in a *separate* cover and *not rolled up* with the drawings, etc.

A candidate who failed, or having applied, did not appear, at a previous examination, must submit fresh drawings, etc. The drawings, etc., submitted will on no account be returned.

10. Candidates must send in their applications made out in English on *printed forms so that they reach the Commissioner's office on or before the 31st August, after which date no applications will be received.* Only one form of application should be used by each candidate, although he may bring up several subjects and come up for different grades.

11. Candidates in the mufussal should obtain the required application forms from the treasury of the taluk in which they are resident or of the district to which they belong. Candidates in the Native States of Mysore, Hyderabad, Travancore and Cochin should obtain them from the Hon'ble the Resident's Treasury. Candidates who are residents of Madras should apply for application forms at the office of the Commissioner for Government Examinations, Old College, Nungambakkam, and not to the Collector of Madras.

N B.—No notice will be taken of any application from candidates in the mufussal requesting to be supplied with application forms from this office.

12. The following is the scale of fees to be paid by candidates for admission to the examinations:—

	Elementary.	Intermediate.	Advanced.
	Rs.	Rs	Rs.
For each subject	3	6	10

N.B.—No candidate will be permitted to come up for examination in more than one grade in the same subject at the same time.

13. The prescribed fee must be paid in every case into a Government treasury or, if at Madras, into the Bank of Madras, and the receipt given by the Treasury Officer or the Bank of Madras attached to the application, which must in every case reach the Commissioner's office on or before the 31st August. *On no account will the fee be received in the Commissioner's office, whether sent in cash or by Post Office order. No application will be registered unless it reaches the Commissioner's office by the date prescribed.*

NOTE.—*At Madras, in the case of all pupils, the fees should be collected by the Headmaster and sent in a lump sum to the Bank of Madras together with two lists of the pupils, one of which will be returned by the Bank and the other signed and returned to the Headmaster. This latter list should be forwarded to this office along with the applications of the candidates. The necessary forms for this purpose will be supplied by this office to Headmasters on application.*

14. Each application should be sent direct to the undersigned, post-paid, superscribed and addressed as follows, the receipt for the fee paid *being securely fastened to it.*

☞ Candidates are warned that the application itself *should not be enclosed* with any drawings, plans, surveys, field books, estimates, or other "certified works" that may be sent, but should be submitted in a separate cover.

[*Application for admission to the Government Technical Examinations.*]

To the Secretary to the Commissioner for Government Examinations,
Nungambakkam, Madras, S.W.

N.B.—Candidates anxious to assure themselves that their applications have been received should enclose *an addressed post card in their respective applications.* The post card should bear the sender's address only and no other writing. Such post cards will be returned to them in due course with the "Received" stamp of the office impressed upon them. No other form of acknowledgment except that required by the Postal rules regarding registered covers can possibly be given nor will any notice be taken of any letter from any candidate inquiring whether his application has been received. *Insufficiently stamped covers will be rejected.*

15. Candidates should write their names, their father's names and their house names *distinctly* and *in full* in their applications and give their *addresses in full* also; if "Other Hindus", they should state in column 3 of their applications whether they are "Non-Brahman Caste Hindus" or "Panchamas." Applications which are irregular or defective in any particular will not be taken notice of.

NOTE.—The occupation or profession of candidates, or the appointments held by them should invariably be stated—in full—in column 10 of their applications.

16. *The fee paid will, in no case whatsoever, be refunded, nor will it be reserved for a subsequent examination. Neither will any excess fee that may have been inadvertently paid be returned. Candidates are warned to study the notification carefully and satisfy themselves, before remitting their fees, that they fulfil the prescribed conditions of admission to the examination and that they can, if necessary, proceed, at their own expense, beyond the limits of the examination centre selected by them, for the purpose of undergoing the Written, or the Oral and Practical examinations.*

17. Candidates for the Intermediate or Advanced examinations whose names have already been published in the Gazette as having passed a particular stage or stages in subjects in which the examination is divided into stages, or as having passed the Intermediate (late Preliminary) where the examination is of two grades—Intermediate and Advanced—must in their applications cite the date and page of the Gazette in which their names appear and their number in the list of successful candidates.

18. The examinations in the subjects under "Drawing, etc.," will be conducted in the order of time and subjects set forth in the following table. *Candidates will not be allowed to come up in more*

than one of the subjects bracketed together for the same time on the same day in the table below, or for more than one grade of examination in the same subject in the same year.

No. 34.] MADRAS, TUESDAY EVENING, AUGUST 21, 1917. [Price, 6 pies.

AUDIT ORDER OF THE MADRAS CHRISTIAN CENTRAL CO-OPERATIVE BANK (LIMITED) FOR 1916-17.

The accounts of the Madras Christian Central Co-operative Bank, Limited, No. 1874 for the co-operative year ending 30th June 1917 audited by M. R.Ry. M. K. Venkata Acharyar Avargal, B.A., Assistant Registrar of Co-operative Societies, Carnatic Circle, are passed. The following three statements furnished by him are appended to this order :—

(1) Statement of receipts and disbursements for 1916-17,
(2) Profit and loss account, and
(3) Statement of assets and liabilities on 30th June 1917.

2. Though the Bank was registered on 21st June 1916, it commenced work only on the 1st July 1916, i.e., the 1st day of the co-operative year under review. Seventy-one individuals and 23 societies have taken 88 (A) class and 147 (B) class shares of the value of Rs. 24,350 at 25s and fifty for each A and B class shares respectively. Out of this amount, a sum of Rs. 22,795 has been actually paid in the year.

3. Deposits made by the members amounted to Rs. 35,893-10-1. Out of this, a sum of Rs. 5,515-6-4 was paid off during the year leaving a balance liability of Rs. 30,378-4-9 at its close. The Bank received deposits from other sources to Rs. 3,000. The total amount of deposits held by the Bank at the end of the year was Rs. 33,378-4-9.

4. The transactions of the Bank under loans were as shown below :—

	To members.	To central banks.	Primary co-operative societies
Disbursed during the year	No. 1 .. Amount Rs. 800	3 31,000	32 60,090
Repaid during the year	No .. Amount ..	.. 24,000	.. ..
Outstanding at the end of the year ..	No. 1 .. Amount Rs. 800	3 15,000	32 31,090
Total ..	..	..	46,390

The loans to central banks were granted at a time when no outlet was ready for advances to primary societies. There has since been a rush of applications from primary societies for loans and advances to central banks are being gradually withdrawn.

5. The net profits of the year amounted to Rs. 53-4-0 only. This low profit is partly due to the want of outlet to funds collected and partly to heavy establishment, stationery and other charges. Fifty per cent of the profits, viz., Rs. 27-10-0 should under by-law 33, be credited to the reserve fund and this should be remitted to the Madras Central Bank. The balance Rs. 27-10-0 only is available for disposal as dividend to shareholders or otherwise. On account of the very small sum available the Bank is advised to carry this forward for payment next year.
